# KVH AgilePlans Global – Offering Conn

Welcome to a new era in value, service, and simplicity for maritime communications – AgilePlans Global, an all-inclusive, no commitment service delivering everything your fleet needs for better business at sea, for a single monthly subscription as low as USD\$799.

## Easy. Affordable. Everything you Need.

AgilePlans Global brings you mini-VSAT Broadband<sup>sm</sup> hardware and airtime, the most advanced HTS network available, KVH's IoT Inside capabilities, cybersecurity and STCW-related basic training for your crew, operations data updates, news and entertainment for crew welfare, zero maintenance costs, free standard installation, and global technical support – all delivered to your fleet worldwide, with no ownership costs or costly upfront capital investment.

## AgilePlans

a single monthly subscription, with no long-

### A Rugged, Proven Hardware Solution

#### The Most Advanced VSAT Terminals

Rely on years of trouble-free service with the exceptional speeds and expanded global coverage of either the dual Ku/C-band 1.1 meter TracPhone<sup>®</sup> V11<sub>HTS</sub> or the groundbreaking Ku-band 60 cm TracPhone V7<sub>HTS</sub>, both the newest models of the award-winning hardware that has made mini-VSAT Broadband the No.1 global maritime VSAT service.\*

#### Free Shipping and Standard Installation

Enjoy free shipping to, and standard installation in as many as 4,000 ports and locations around the globe or up to a USD\$2,000 per vessel credit towards installation elsewhere. Visit [kvh.com/agileports](http://kvh.com/agileports) for more details.

#### KVH-managed Implementation

Be confident your installation will be done quickly and efficiently through KVH's Service Delivery Group, which coordinates the logistics, installation, and commissioning processes. *Plus*, KVH offers free initial network design consultation upon request.

\*Source: Euroconsult, Prospects for Maritime SATCOM, 2020, market share VSAT units

### Global Broadband Connections

#### Dual Data Channels with the Fastest Network Speeds and Affordable Data Plans

The TracPhone V11<sub>HTS</sub> and the TracPhone V7<sub>HTS</sub> each offer KVH's exclusive dual channel configuration with innovative hybrid airtime plans that deliver an unlimited use data channel running at the same time as the high-speed channel offering blazing fast network speeds as fast as 20 Mbps/3 Mbps (V11<sub>HTS</sub>) and 10 Mbps/3 Mbps (V7<sub>HTS</sub>) down/up.

#### Voice Channel with Crystal-clear Service

Pick up the phone and stay in touch, thanks to outstanding prioritized VoIP service wherever your vessels travel.

#### Multicast Channel Delivering Crew and Operations Content

KVH's AgilePlans Global Multicast Channel delivers up to 150 GB of crew welfare and operations content every month with no impact on your data speeds or monthly data plan. Additional options available through KVH Link for crew morale and corporate communications. For details: [kvh.com/link](http://kvh.com/link)

# Connectivity as a Service (CaaS) for fleets

## Unmatched Agility for Your Fleet

Now you can be as agile as necessary, whether you are selling or acquiring vessels, or you simply want the finest maritime VSAT service and content solution for your current fleet. AgilePlans Global will be the ideal CaaS solution for your fleet. However, we do know that your situation is always evolving; that's why we offer a suspension plan and you can end your subscription at any time without penalty.

Equip your vessels with the world's leading VSAT connectivity solution with:

- **NO** long-term ownership costs
- **NO** commitment
- **NO** penalties if you need to cancel
- **NO** hassles or headaches

AgilePlans Global –  
No long-term contract, delivering everything below:

## Superior Technical Support & Network Management

### Global Technical Support

Optimize your SATCOM availability with the KVH OneCare™ Global Technical Assistance Package, zero maintenance costs for as long as you subscribe, and exclusive KVH IoT Proactive Monitoring, an industry first.

### Secure Network Management

Manage your service, maximize uptime, and minimize costs via the secure myKVH™ portal's mini-VSAT Manager, which offers unmatched control over your data and how it is used.

### Vessel Tracking Service

Achieve new levels of operational efficiency with mini-VSAT Broadband's Vessel Tracking Service, which delivers real-time visibility with as much as one year of data, offering insights into your vessels' locations and routes.

## Cybersecurity Training & Protection

### Modern Cybersecurity Protection

KVH's Multi-level Cybersecurity Program offers advanced network-level firewall with automated threat management for additional security.

### Award-winning Cybersecurity Training

Reduce the risks of data breaches, malware, and more, thanks to Videotel's award-winning "Cybersecurity at Sea" training program, part of KVH's cybersecurity solution and included with every Agileplans system.

## World-class Crew Welfare & Training Content

### News, Sports, and Entertainment

Keep your crew connected to events at home and improve crew retention and morale with daily world and national news via NEWSlink™ TV and NEWSlink Print.

### Videotel™ Basic Training Package

Boost your crew's productivity while reducing risk, thanks to the Videotel Basic Training Package. Choose from one of three 20-video STCW-related programs: Tankers, Dry Cargo, or Offshore Vessels.

## Critical Operations Content

### CHARTlink™

Stay on course with KVH's CHARTlink service, which offers free delivery of updates from C-MAP™ and other leading providers for your ECDIS-compliant navigation data.

### FORECASTlink™

Improve operational efficiency, optimize voyages, and ensure safety with high-resolution, global-scale weather updates from StormGeo BVS™ transmitted up to four times a day.

# What does AgilePlans Global include?

## Satellite Communications Antenna Systems

### TracPhone V11 HTS

*Ku/C-band mini-VSAT Broadband HTS service*

#### DATA SPEEDS\*

Shore-to-Ship: 20 Mbps  
Ship-to-Shore: 3 Mbps

### TracPhone V7 HTS

*Ku-band mini-VSAT Broadband HTS service*

#### DATA SPEEDS\*

Shore-to-Ship: 10 Mbps  
Ship-to-Shore: 3 Mbps

## Data Plan

AgilePlans offers High-speed rate plans with 500 MB to 80 GB of data per month and multiple rate plan options with the secondary Unlimited Use data channel. Visit [www.kvh.com/agileresources](http://www.kvh.com/agileresources) to view AgilePlans Airtime Rate Plans.

## Hardware and Phone Line

Rack-mountable Integrated CommBox™ Modem (ICM)	<b>Included</b>
2 RF cables and power/data cable(s) plus 1 NMEA cable (all cables min. 30 m/100 ft.; RF cable type varies based on length of cable run)	<b>Included</b>
1 VoIP line with KVH-assigned number†	<b>Included</b>
