GTMailPlus

Stable and secure maritime email

GTMailPlus

Stable and secure maritime email

GTMailPlus is a cutting-edge email service designed for use in demanding remote environments – fully optimised for maritime. Airtime independent, GTMaritime have also reengineered GTMailPlus so that it is also operating system independent running on both Linux and Windows, providing more solutions for our customers.

GTMailPlus is delivered as a secure, stable, cloud based service which enables essential business communications in an optimised manner. The web dashboard allows for the remote configuration and administration of vessels, making life easier for both crew and shore based IT Teams.

Why do I need GTMailPlus?

GTMaritime understand the critical importance of email to the commercial shipping industry, **GTMailPlus** has been developed specifically for the maritime industry to deliver performance, reliability and intelligent operation. **GTMaritime** also provide 24/7 365 ITIL trained global support.

“ **Worth its weight in gold.** ”

Robert Bates, IT Manager, STAR Reefers

“ When researching the best solution to replace our existing email system it became clear that **GTMaritime has set the de facto standard for secure, simple email and data transfer** to support maritime digitalisation. ”

Frank Coles, Wallem
