Company Registration Number: 199201624D

**SINGTEL GROUP IS OPEN TO WORKING WITH AN AUSTRALIAN MINORITY PARTNER
AND REINFORCES ITS COMMITMENT TO OPTUS**

The Singtel Group's ongoing approach to its portfolio of operating companies and associates involves regularly evaluating opportunities to enhance the Group's businesses and performance. This may include engaging with strategic local partners who can bring complementary capabilities and expertise to improve service provision and quality. This has been the case for many of its regional investments outside Singapore.

To this end, the Group is open to working with potential Australian partners that align with its objectives of ensuring that Optus continues to be a strong alternative operator in the industry, providing a reliable and trusted critical service to all Australians. Singtel contemplates a like-minded long-term local partner owning a meaningful minority stake in Optus.

Optus has been an integral and strategic part of the Singtel Group for over 25 years, and the Group is committed to Australia for the long term. The Group's focus there continues to be on working closely with the Optus Board and management to strengthen Optus' operational capabilities and resilience, and enhance its role as a critical services provider.

Investors in Singtel securities should exercise caution in their review of any media reports relating to potential transactions involving Singtel ahead of any definitive announcements by Singtel when dealing with Singtel securities. There is no assurance of any transaction and Singtel will make an announcement if and when there are material developments which warrant disclosure in accordance with our obligations under the Listing Manual of the Singapore Exchange Securities Trading Limited.

Issued by Singapore Telecommunications Limited on 21 May 2026.
