

(With effect 5 August 2022)

Effective Date: 5 January 2021

Name of Service: Singtel MetroEthernet service. *For details, refer to www.singtel.com.*

Description: Customised MetroEthernet Scheme (**Customised Scheme**)

Prices (including discounts):

For upgraded and/or downgraded MetroEthernet circuits

(with effect from 5 August 2022) MetroEthernet Point-to-Point

One Time Charge (OTC)

Contract Term	Normal Installation	Express Installation
1 year	50% off prevailing list price	Prevailing list price
≥ 2 years	100% off prevailing list price	50% off prevailing list price

The customised tariffs will be applicable to all upgraded and/or downgraded MetroEthernet circuits subscribed under the Customised Scheme except for circuits migrated from MetroEthernet Point-to-Point service to MetroEthernet Point-to-Multipoint service.

Key Terms and Conditions:

1. **(With effect from 5 January 2021)** The contract term of the Customised Scheme is three (3) years.
2. The contract terms of the services subscribed under the Customised Scheme are as follows:
 - a. MetroEthernet Point-to-Multipoint head-end circuits: minimum two (2) years, up to a maximum of five (5) years.
 - b. All other circuits: minimum one (1) year.
3. Circuits subscribed under the Customised Scheme will continue at the customised prices after expiry of the circuit contract term.
4. The service(s) subscribed under the Customised Scheme are subject to resource availability.
5. The customer shall not resell the service(s) offered under the Customised Scheme “as is” or as standalone services but may resell these services as part of its own network services.
6. Relocation charges shall apply according to the OTC table above, except where the relocation request is submitted in the same order as the upgraded and/or downgraded circuit, in which case, the relocation charge will be waived.
7. No other promotions or discounts including, but not limited to, term and volume discounts, are applicable to the services subscribed under the Customised Scheme.
8. Services subscribed under the Customised Scheme must be activated within three (3) months from the date the contract is signed.

(With effect 5 August 2022)

9. All other standard prices, terms and conditions of the Singtel MetroEthernet service shall remain applicable.

Additional Terms and Conditions for MetroEthernet Point-to-Multipoint service

1. Each customer is eligible for three (3) free MetroEthernet Point-to-Multipoint head-end circuits under the Customised Scheme, subject to the following conditions:
 - a. the head-ends will be provisioned at a bandwidth of at least 30Mbps up to a maximum of 1Gbps;
 - b. the customer must maintain a total tail-end circuit bandwidth of at least 50% of the free head-end bandwidth each month for the duration of the head-end circuit contract term, otherwise the head-end circuit will be charged at the prevailing list price for that month. In the event the free head-end circuit is charged at the list price, the customer will only be billed the excess amount once each year;
 - c. the customer will be allowed a ramp-up period equivalent to 25% of the free head-end circuit contract term to meet the minimum tail-end bandwidth required;
 - d. the first two (2) head-end circuits must be at least 70% utilised before the third free head-end circuit is provisioned. For the avoidance of doubt, the customer may upgrade the existing free head-end bandwidth after the expiry of the Customised Scheme.

2. The three (3) free head-end circuits may be located in any POP.

Suspension and Termination Provisions:

Refer to www.singtel.com

Eligibility:

The Customised Scheme is offered to all duly licenced Facilities-Based Operators or Services-Based Operators who accept the terms and conditions of the Customised Scheme in its entirety.
