100 Gbps Gigawave	2	8	\$5,168	Standard: Waived
100 Gbps Gigawave with Path Diversity				

The customised tariffs will be applicable to all new, renewed and/or upgraded Gigawave circuits subscribed under the Customised Scheme.

Key Terms and Conditions:

1. The contract term of the Customised Scheme is two (2) years.
2. The contract term of the services subscribed under the Customised Scheme is as per the pricing table.
3. **(With effect from 4 December 2024)** The customer shall subscribe to the minimum quantity of Gigawave circuits under the Customised Scheme as stated in the pricing table in a single order.
4. The customer shall not resell the service(s) subscribed under the Customised Scheme “as is” or as standalone services but may resell these services as part of its own network services.
5. The services offered under the Customised Scheme are subject to resource availability.
6. Services subscribed under the Customised Scheme will continue at the customised prices after the expiry of the service contract term.
7. In the event of relocation, the customer shall pay a relocation OTC of \$2,000 per site.
8. No other discounts including, but not limited to, term and volume discounts, are applicable to the services subscribed under the Customised Scheme.

9. All other standard prices, terms and conditions of the Singtel Gigawave service shall remain applicable.

Suspension and Termination Provisions:

If the customer terminates the service(s) subscribed under the Customised Scheme during the contract term of the service(s), the customer is liable for a premature termination charge (PTC) of 100% of the MRC for the remaining contract term.

(With effect from 4 December 2024) The customer is eligible for a PTC waiver for existing services that are renewed under the Customised Scheme, provided that the existing services have fulfilled at least 12 months of their initial service contract term.

(With effect from 4 December 2024) *deleted*

Eligibility:

The Customised Scheme is available to all similarly situated customers who satisfy the following criteria:
