Key Terms and Conditions:

1. In the event that the customer fails to meet the revenue commitment for a particular period, the customer shall pay SingTel the difference between the actual spend and the minimum revenue commitment for the period.
2. Should the customer choose to subscribe to the circuit(s) under SingTel's prevailing promotional rates for the services under the Customised Package, the revenue for the circuit(s) shall be included in the minimum revenue commitment. For such circuits, the terms and conditions under the promotion shall be applicable.
3. The customer shall only use the MetroEthernet service to connect to base stations for the purpose of operating a wireless Internet network under the wireless network CFC project.
4. For services under the Customised Package that are used in the operation of the wireless network CFC project, the customer may request for the services to be terminated at a room housing a main distribution frame.
5. All other standard terms and conditions of SingTel Meg@POP Resale service and SingTel MetroEthernet Retail service shall remain applicable.

Suspension and Termination Provisions:

In the event the Service(s) subscribed under the Customised Package is terminated before the end of the minimum contract term, the customer will be liable for a premature termination charge of 20% of the remaining contract value for the Service(s).

Refer to www.singtel.com under “Business Customers”.

Eligibility:

The Customised Package will be offered to customers who satisfy the following criteria:

- a) Have the following minimum spend:
 - at least \$4.5 million on the services under the Customised Package within the first fourteen (14) months of the contract;
 - at least \$5 million within the next 10 months of the contract;
 - at least \$5 million in the next 1 year of the contract;
 - (with effect from 1 January 2010) at least \$1.25 million in the First Extension Period. For the avoidance of doubt, the minimum spend will take into consideration the total spend over the 4-month extension period; and
 - (with effect from 1 May 2010) at least \$0.31 million per month in the Second Extension Period;
- b) are duly licensed as an Internet Service Provider in Singapore;
- c) use the services for the following purposes only: (i) provide Internet access services to its own end users; and (ii) provide the services in this Customised Package to FBOs as a transparent input to operate a wireless Internet network under the IDA’s initiated wireless network CFC project;
- d) at least one end of the services subscribed under this Customised Package must be installed in the customer’s own network to provide Internet access to its end users; and
- e) accept the terms and conditions of this Customised Scheme in its entirety.
