### **Key Terms and Conditions:**

1. The Wholesale Service Scheme will be available to all Facilities-Based Operators (**FBOs**) and Services-Based Operators (**SBOs**) licensed by the IDA, for the purpose of offering a retail Internet access service to its own end-users.
2. The minimum contract term for the services under the Wholesale Service Scheme is one (1) year, with a termination notice of one (1) month.
3. The Wholesale Service Scheme is provided to the FBO/SBO customer as a wholesale service. The FBO/SBO customer shall not brand the service which it provides to its own end-users as a “SingTel” service.
4. The FBO/SBO customer will be responsible for providing first level maintenance and service support to its own end-users.
5. If the FBO/SBO customer reports a fault and, following on-site investigation by SingTel, either no fault is found, or SingTel determines that the fault is not with SingTel’s network or SingTel’s equipment, the standard Meg@POP visit charges will be applicable.
6. All other standard charges, terms and conditions of the SingTel Meg@POP service shall remain applicable.

### **Suspension and Termination Provisions:**

In the event that the customer terminates the services under the Wholesale Service Scheme before the end of the contract term, the customer will be liable for the following premature termination charges (**PTC**):

- 50% of the monthly recurring charges for the remaining contract term for standard, enhanced, auto backup, standby, disaster recovery, exchange diversity and international gateway access services; and
- 100% of the charges for temporary services
