1. For the avoidance of doubt, all the above charges will apply to central and non-central zones.
2. The minimum contract term for the Customised Scheme and each circuit subscribed under the Customised Scheme is one (1) year.

Terms and Conditions:

1. The Customised Scheme can only be subscribed once per customer.
2. There shall be no auto-renewal for the Customised Scheme.
3. All circuits must be activated with six (6) months from the date the first circuit is

activated.

4. All other terms and conditions of the SingTel DigiNet service shall apply.

Suspension and Termination Provisions:

In the event that the customer terminates a circuit subscribed under the Customised Scheme during the contract term, the customer shall be liable for the following prevailing premature termination (**PTC**) charges:

- a) Circuits terminated within six (6) months from the date the first circuit is activated: 100% PTC will be waived for 15% of the total number of circuits subscribed. The remaining circuits terminated will be charged 100% of the remaining contract value subject to condition (c).
- b) If less than 15% of the total number of circuits subscribed is terminated within six (6) months from the date the first circuit is activated, the customer may carry forward the remaining balance of circuits to the next 6 months.
- c) Circuits terminated more than six (6) months after the date the first circuit is activated: 100% PTC will be waived from 50% of the remaining subscribed circuits and the remaining circuits pay 100% of the remaining contract value.

Eligibility:

The Customised Service will be offered to any customer who meets the following criteria:

- is a duly licensed Facilities Based Operator or Services Based Operator;
- subscribes to at least sixty-five(65) circuits in a single application;
- currently has or is willing to commit to a minimum annual spend of \$10 million on domestic data services; and
- accepts the terms and conditions of the Customised Scheme in its entirety.
