1. The standard and express one-time charge for the Meg@POP EthernetLink circuits is \$1,000 per circuit and \$2,000 per circuit respectively (with effect from 4 April 2011).
2. The EthernetLink service will also be provided with the multicast service.

Key Terms & Conditions

1. (With effect from 8 May 2012) The minimum contract term of the Customised Package will be 2 years. Thereafter, the contract term of the Customised Package shall be automatically renewed on a yearly basis unless terminated by SingTel or the customer.
2. The minimum contract term of the Meg@POP IPVPN EthernetLink circuit subscribed under the Customised Package is 1 year.
3. (With effect from 8 May 2012) The customer must maintain an aggregate of 5Mbps of bandwidth from its end-users per month for the duration of the contract term of the Customised Package. Should the customer be unable to meet this criteria, the customer

will be required to make up the shortfall and pay SingTel a fee which amounts to the monthly rental of the bandwidth difference based on the customised scheme.

4. The customer's end-user must remain a member of the customer's community network for the duration of the contract term in order to enjoy the customised rates under the Customised Package.
5. All other standard terms and conditions of SingTel Meg@POP service and Meg@POP IPVPN EthernetLink service shall remain applicable.

Suspension and Termination Provision:

Should the customer or its end-users terminate the Customised Package during the contract term, the customer or its end-users will be liable for a premature termination charge (**PTC**) of 100% of the remaining contract value.

Eligibility:

The Customised Package will be available to all similarly situated customers who accept all the terms and conditions of the Customised Package in its entirety.
